

Carers Info Pack

“I was astonished that there was so much on offer. A big thank you to Hillingdon Carers for being there, you have made me feel valued.” New carer

Welcome and thank you if you are a Carer. Sometimes Carer’s need support and they are not always aware how much help is available in the Community. We work closely with HillingdonCarers and would like to share what services, help and (as well as financial) support the charity has to offer.

The Practice has set-up a dedicated space at reception called ‘Carer’s Corner’ Also, please see below links to websites that will provide support and information.

The Practice also has a Social Prescriber who can assist carers with information or is available for a chat. Zoom and Teams meetings are also scheduled soon. Please ask at reception for further details.
